Enjoying Social Functions—Clippings from the Temple (Texas) Telegram tell at length of the social activities of that city and the part two Greenlee county ladies are taking in the same. Mr. and Mrs. H. C. Poe of that place, who have as guests Mesdames J. C. Gaines, of Clifton, and Rountree, of Metcalf, have been giving a series of entertainments and receptions for their guests which have been most elaborate affairs. The paper states that the reception tendered Governor Ferguson and wife at the Poe home was the most elegant and brilliant affair in Temple's society circles this season. Altogether the Greenlee ladies are enjoying themselves immensely in the Texas city where they expect to remain for some time yet before returning to Arizona.

A CHALLENGE
Where's all of the sports in Morenci. Who have championed her cause in the past?

Have they really displayed the white feather
And conceded us champions at last?
We know we're the best in the country
And we claim we will never get beat
We know if we do, it will be by a crew
Who at least don't complain of cold feet.

You ball fans come down to our diamond,
But be sure to move fast—watch your step,
For these rollicking players in Clifton
Are literally reeking with pep.
We don't want to step on Morenci
Because we feel sure she's asleep,
You seem on the verge of a funeral dirge,
You're enough to make anyone weep.

If there's one living sport left among you,
And there ought to be one it would seem,
Why don't he get busy and rustle,
To get up a live baseball team?
If you're waiting for someone to dare you
We're the ones who will crawl on your frame,
If you're only half dead, come alive!
Come ahead!
We challenge you boys to a game.
THE CLIFTON TEAM.

B. dance hall for disturbing the peace and was on his way to jail with them when de la Luz, one of the prisoners, who was behind the officer, attacked him with a knife cutting a deep gash in his shoulder. At the first onslaught Arnett whipped out his gun and shot de la Luz in the hip, the bullet ranging upward and lodging in the back. COOPER BROS. SHOWS are coming. There is always something about a tented exhibition in the way of amusement that is attractive and this show is well spoken of as being far above the average in pleasing its patrons. No other show has such perfectly trained wild animals and they are well worth seeing. Two performances daily at Clifton, Monday, June 5.

BIG LABOR DAY CELEBRATION

It is understood that plans are now under way for a labor day celebration that will eclipse anything of a similar nature ever attempted in Greenlee county. It is planned to hold the celebration in Clifton on Labor Day, which falls on September 4th, and the committee in charge of the preliminary preparations is making arrangements for the entertainment of between 8,000 and 10,000 people on that day. The program will later and will include the usual sports as well as many new attractions. The embryonic plans now contemplated by the committee are expected to develop into a monster celebration that has seldom been equalled in Arizona. Full particulars of the affair will be given at a later date.

COOPER BROTHERS' SHOWS

Two Performances on Monday June 5

No one can fail to notice the atmosphere of refinement about this particular show. The performance goes along with perfect system and the surprising and bewildering bill is finished before the slightest tinge of unrest is felt. Acts follow each other without delay. The program is made up of big feature acts. The Hatsu troupe of Japanese acrobats and jugglers, Prof. Van Rankin and his wonderful troupe of educated ponies, Capt. Charles Duncan and his great performing elephants, the like of which has never been seen, and the numerous other acts of the monkeys, dogs and goats, gymnasts, acrobats and arene performers from every known land. Mile. Roberts doing her death defying nerve thrilling acts in midair has well earned the title of Queen of the Air, and her acts alone are without doubt the greatest gamble with death ever attempted. The entire program is truly beyond compare and the show should be seen by everyone.

A GOOD SHOW COMING

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 1/4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up for you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded gray hair, and remove it. It is excellent for falling hair and will make harsh hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.
In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.
To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol.
